County of Los Angeles – Department of Mental Health
A GUIDE TO PROCEDURE CODES – APRIL 12, 2007

INTRODUCTION

This Guide, prepared by DMH, lists and defines the compliant codes that the DMH believes reflects the services it provides throughout its system, whether by directly-operated or contracted organizational providers or individual, group, or organizational network providers. This analysis does not, however, absolve Providers, whether individuals or agencies from their responsibility to be familiar with nationally compliant codes and to inform and dialogue with the DMH should they believe differences exist.

Brief History

Since the inception of the DMH's first computer system in 1982, DMH directly-operated and contract staff have reported services using Activity Codes. These Activity Codes were then translated into the types of mental health services for which DMH could be reimbursed through a variety of funding sources. On April 14, 2003, health care providers throughout the Country implemented the HIPAA Privacy rules. This brought many changes to the DMH's way of managing Protected Health Information (PHI), but did not impact the reporting/claiming codes. On October 16, 2003, all health care providers throughout the USA are required to implement the HIPAA Transaction and Codes Sets rules or be able to demonstrate good faith efforts to that end. These rules require that providers of health care services anywhere in the USA must use nationally recognized Procedure Codes to claim services.

HIPAA Objectives and Compliant Coding Systems

One of the objectives of HIPAA is to enable providers of health care throughout the country to be able to be conversant with each other about the services they were providing through the use of a single coding system that would include any service provided. In passing HIPAA, Legislators were also convinced that a single national coding system would simplify the claims work of insurers of health. Two nationally recognized coding systems were approved for use: the Current Procedural Terminology (CPT) codes and the Level II Health Care Procedure Coding System (HCPCS). The CPT codes are five digit numeric codes, such as 90804 and the HCPCS are a letter followed by four numbers, such as H2012.

Definitions found in this Guide are from the following resources: CPT code definitions come from the CPT Codes Manual; HCPCS codes are almost exclusively simply code titles absent definition so these definitions were established either exclusively or in combination from one of these sources – 1) Title 9 California Code of Regulations, Chapter 11, Specialty Mental Health Services, 2) State DMH Letters and Informational Notices, or 3) program definitions such as the Clubhouse Model. Reference citations follow all of the State code definitions.

Implications for Service Delivery

These changes are being made in conjunction with the much larger implementation of a new Management Information System known simply as the Integrated System (IS). In light of all these very extensive changes in the way the DMH reports and claims its services, it is important to note that, while the DMH will continue to examine its service delivery system and implement creative programs as appropriate, the change from Activity Codes to Procedure Codes is NOT about a change in the services provided by the DMH nor the reimbursement rates for those services. In fact, DMH staff have been diligent in their efforts to ensure that all services that are currently provided have found a place in the new (to the DMH) HIPAA compliant coding system. This will ensure that revenues after October 16, 2003, the implementation date of the new HIPAA compliant Integrated System (IS), will continue to flow into the DMH unchanged from revenues prior to October 16, 2003.

HELPFUL HINTS FOR USING THE GUIDE

DMH directly-operated and contract staff should address questions and issues to their supervisors/managers, who may, as needed, contact their Services Area Procedure Codes Liaisons for clarifications. Network Providers should contact Provider Relations.

- Readers will quickly note that, except for those services funded entirely by CGF, there are no codes that identify payer information, such as PATH. Payer information will be maintained by providers in the administrative part of the new IS and when claims are being prepared, will match the service code on the clinical side of the IS with the payer information on the administrative side of the IS. Therefore, if claims are to go to the correct payer source, it is imperative that the Administrative side of the system be maintained.
- The codes have been categorized into types of services similar to those we now in use in order to facilitate the transition to Level I (CPT) and Level II (HCPCS) codes.
- To facilitate transition to these new codes, the Activity Codes and the FFS Codes that have been in use are listed in association with the new Procedure Codes.
- Medicare does not reimburse for travel and documentation time, so in order to appropriately claim to both Medicare and Medi-Cal total service time for the Rendering Provider must be broken out into face-to-face and other time for most services. Both of these times need to be entered into the IS and documented in the clinical record.
- While the basic structure of the tables is the same, many vary in their content because the requirements of different sets of codes are so different.
- The “Scope of Practice” column that used to define who could report the code is now headed “Rendering Provider”. This is HIPAA language that the DMH is embracing, but the information in the column provides the same information regarding usage of the code. The categories of staff the DMH will continue to recognize are these: physician (MD or DO); licensed or waived clinical psychologist (PhD or PsyD); licensed or registered Social Worker; licensed or registered MFT; registered nurse (RN); nurse practitioner (NP); clinical nurse specialist (CNS); psychiatric technician (PT); licensed vocational nurse (LVN); and mental health rehabilitation specialist (MHRS). See Page vi, Reporting and Documentation Notes, for documentation comments.
- The table heading on each page indicates whether the codes on that page may be used by Network and/or SD/MC Providers. Individual, Group, and Organizational Network Providers may only use lined or shaded Services and shaded codes and only the disciplines as noted under the Network header. SD/MC Organizational Providers may use shaded codes on pages 1-2, 7-9, and 27 & 28 AND any unshaded codes. The Table of Contents also indicates whether the codes on a page are applicable to Network, SD/MC, or both.
- Only one Activity Code per Service Function was left as “active” in the legacy MIS when the IS was implemented. All other codes were marked “inactive”. Numbers in **BOLD** in the “Service Function” and “Former Activity Code” columns are the legacy MIS default codes, that is, the only active codes now recognized by the legacy MIS. Activity Codes in (**BOLD parenthesis**) are codes that were not formerly associated with the service, but now serve as the MIS default code for the service. These are the ONLY codes that a can be used in the legacy MIS for the service.

LIST OF ABBREVIATIONS

- CGF – County General Funds
- CPT – Current Procedural Terminology; codes established by the American Medical Association to uniquely identify services for reporting and claiming purposes.
- Disciplines
 - CNS – Clinical Nurse Specialist
 - DO - Doctors of Osteopathy
 - LCSW – Licensed Clinical Social Worker
 - MD – Medical Doctor
 - MFT – Marriage & Family Therapist
 - NP – Nurse Practitioner
 - PhD – Doctor of Philosophy, clinical psychologist
 - PsyD – Doctor of Psychology, clinical psychologist
 - PT – Psychiatric Technician
 - RN – Registered Nurse
- DMH – Los Angeles County Department of Mental Health or Department; also known as the Local Mental Health Plan (LMHP)
- ECT – Electroconvulsive Therapy
- FFS – Fee-For-Service
- HCPCS – Health Care Procedure Coding System
- IMD – Institutions for Mental Disease
- IS – Integrated Systems (formerly known as the MIS, Management Information System)
- LMHP – Local Mental Health Plan (in Los Angeles County, the Department of Mental Health)
- PHI – Protected Health Information
- SD/MC – Short-Doyle/Medi-Cal; terminology carried forward from pre-Medi-Cal Consolidation. It represents those Medi-Cal Organizational Providers who can be reimbursed for a full range of rehabilitation staff and whose service funding is supplemented by County General Funds.
- SFC – Service Function Code
- STP – Special Treatment Patch
- TCM – Targeted Case Management

County of Los Angeles – Department of Mental Health
A GUIDE TO PROCEDURE CODES – APRIL 12, 2007

REPORTING AND DOCUMENTATION NOTES

DMH directly-operated and contract staff should address **questions and issues** to their supervisors/managers, who may, as needed, contact their Services Area Procedure Codes Liaisons for clarifications. Network Providers should contact Provider Relations.

- **Telephone Service:** When using the Daily Service Log to report services, the telephone box next to the Service Location Code must be checked. When telephone services are entered into the IS, the “telephone” box on the “Outpatient – Add Service” screen must be checked. This is the only way to ensure that telephone services are claimed to the appropriate payer. Face-to-Face time is always “0” for telephone contacts.
- **Combined Services:** When more than one type of service is delivered in a session, a single claim may be submitted for the predominant service as long as the chart documentation predominantly reflects that service. Example #1: use 90812 for a therapy session of 60 minutes in which both play therapy and talk therapy are used, with play therapy being the predominant interactive mode (as indicated in the clinical note). Example #2: use H2015 when targeted case management and individual rehabilitation are combined into a single session with individual rehabilitation being documented as the predominant service. If case management was documented as the predominant service, T1017 would be the appropriate code. With Example #2, if the staff believes that services to the client would be best represented if each services were documented separately, it is permissible to write two notes, one for case management and one for individual rehabilitation **and** claim two services.
- **Penal facilities, including Juvenile Halls:** Services delivered in these facilities are not Medi-Cal reimbursable unless delivered to a youth who has been adjudicated and waiting placement.
- **More than one staff participating in a single direct service:** Anytime more than one staff participate in a service, each must be identified in the note indicating the time spent by each in providing the service, and the specific interventions performed by each. Except for group, the **Rendering provider** must indicate both face-to-face time and other time. Other participating staff need only report his/her total time.
- **Claiming Payers:** Not all staff listed in the Rendering Provider column who can report the service may claim to all payer sources. The DMH will keep its employees informed, and, as appropriate, its contractors, regarding rules and regulations for service delivery and reimbursement.
- **Scope of Practice:** A Rendering Provider may only provide services within his/her job specification and scope of practice. Staff without credentials that meet a category’s requirements may deliver rehabilitation services to the extent that they function within the job specification with commensurate training and skill development in accord with the services s/he may be rendering. The DMH will also continue to require that students and staff without two years mental health experience or a bachelor’s degree in a mental health related field must have all documentation co-signed until these minimum requirements have been met and his/her supervisor believes him/her to be competent to document services independently. **Please note that co-signature does NOT allow any level staff to provide services that are outside his/her scope of practice and job specification.** Staff at all levels must have appropriate supervision.
- **Face-to-Face time:** Note that for SD/MC Providers, only the psychotherapy codes on pages 3 and 4 indicate Face-to-Face time. This is because, for the same service, different codes are available and must be selected based on the Face-to-Face time. The absence of Face-to-Face times for other codes only means that time is not a determinant in selecting the code; it does not mean that the code has no Face-to-Face time requirement. Assessment, Psychological Testing, and Individual Medication all require Face-to-Face time that must be both documented in the clinical record and entered into the IS. No other Mental Health, Medication Support, or Targeted Case Management Services require Face-to-Face time, but if it occurs, it should be both noted in the clinical record and entered into the IS. All groups, except Collateral Group, require Face-to-Face time, but that time does not need to be documented in the clinical record or entered into the IS separate from the total time of the contact. Collateral, Team Conference/Case Consultations and No-Contact – Report Writing should always be reported with “0” Face-to-Face time.

**County of Los Angeles – Department of Mental Health
A GUIDE TO PROCEDURE CODES – APRIL 12, 2007**

ASSESSMENT – SD/MC & NETWORK PROVIDERS

**Assessment services are a required component of Day Treatment Intensive and Day Rehabilitation.
These services will not be separately authorized for clients in one of these programs.**

This is an activity that may include a clinical analysis of the history and current status of a client's mental, emotional, or behavioral disorder; relevant cultural issues and history; and diagnosis (§1810.204). These codes should be used when completing an Initial Assessment form or when performing subsequent assessment activities that are documented on an assessment form. An "Evaluation by Physician" form MH504, when completed as part of an evaluation for medication, should be claimed as Medication Support (see page 9).

Service	Code	Former FFS Codes	Network MC Rendering Provider	Cost Report SFC	Former ClinServ ActCodes	Former OutptHospSv ActCodes	SD/MC Rendering Provider
Psychiatric diagnostic interview	90801	<u>Ind, Gp, & Org</u> 20-39 minutes 90805 X9500	MD/DO PhD/PsyD LCSW MFT NP/CNS	42	040 800 1718 8000 9011 9092 9113	161 802 1738 8002 9113	Licensed, registered, waivered: MD/DO PhD/PsyD LCSW MFT NP/CNS RN and student professionals in these disciplines with co-signature
Interactive psychiatric diagnostic interview using play equipment, physical devices, or other non-verbal mechanism of communication	90802	<u>Indiv & Group</u> 40+ minutes 90807 X 9502 <u>Organizational</u> 40-50 minutes 90807 X 9502					

Notes:

- These services are recorded in the clinical record and reported into the IS in hours/minutes.
- When working with children or other clients with limited verbal ability, claim in accord with the predominant intervention modality – 90802 for non-verbal, 90801 for verbal.
- Not all staff listed who can report the service may claim to all payer sources. The Department will keep its employees informed, and, as appropriate, its agencies, regarding rules and regulations for service delivery and reimbursement.

County of Los Angeles – Department of Mental Health
A GUIDE TO PROCEDURE CODES – APRIL 12, 2007

PSYCHOLOGICAL TESTING – SD/MC & NETWORK PSYCHOLOGISTS & PHYSICIANS

All psychological testing performed by Network Providers and claimed to Medi-Cal must have prior authorization.

Service (effective 1/1/06)		New Codes 1/1/06	Former FFS Code	Network MC Rendering Provider	Cost Report SFC	Former ClinServ ActCodes	Former OutptHospSv ActCodes	SD/MC Rendering Provider
Psychological Testing Scoring time is not reimbursable. Psychodiagnostic assessment of personality, development assessment and cognitive functioning. For children, referrals are made to clarify symptomology, rule out diagnoses and help delineate emotional from learning disabilities.	Face-to-face administration time by Psychologist or Physician	96101	<u>Ind, Gp, Org</u> 60-1200 min 96100 X9514	Licensed PhD/PsyD Trained MD/DO	34	034 043 857 877 1717 1704 8035 8037 9002 9005 9126 9127	738 044 858 878 1737 1736 8036 8038 9004 9006 9126 9127	Licensed PhD/PsyD Trained MD/DO

Notes:

- Testing is recorded in the clinical record and reported into the IS in hours:minutes.
- Providers must document and submit a claim for the administration of tests on the day of the administration indicating which tests were administered. On the day interpretation and report writing is performed a separate claim must be submitted; documentation for the claim can simply reference the report.
- Not all staff listed who can report the service may claim to all payer sources. The Department will keep its employees informed, and, as appropriate, its agencies, regarding rules and regulations for service delivery and reimbursement.

MEDICATION SUPPORT – SD/MC & NETWORK PHYSICIANS & NURSE PRACTITIONERS

Service	Code (Modifier*)	Former FFS Code	Network MC Rendering Provider	Cost Report SFC	Former ClinServ ActCodes	Former OutptHospSv ActCodes	SD/MC Rendering Provider
Individual Medication Service (Face-to-Face) This service requires expanded problem-focused or detailed history and medical decision-making of low to moderate complexity for prescribing, adjusting, or monitoring meds. Note: If more than minimal, supportive psychotherapy is provided, the service must be claimed as an E&M Individual Psychotherapy service (see pg 4).	90862 <u>Indiv & Group</u> 15+ minutes <u>Organizational</u> 15-50 minutes	90862	MD/DO	62	(035) 1319	164 812 8012 9009 9116	Physician Nurse Practitioner
Brief Medication Visit (Face-to-Face) This service typically requires only a brief or problem-focused history including evaluation of safety & effectiveness with straightforward decision-making regarding renewal or simple dosage adjustments. The client is usually stable.	Effective 9/21/04 M0064 <u>I&G:</u> 7+ min <u>Org:</u> 7-50 min				035 811 1727 8011 9008 9094 9116		
Comprehensive Medication Service Prescription services by phone or with collateral, medication administration, medication education, medication group services, and other non-prescription, non-face-to-face activities pertinent to medication support services.	H2010 (HE*)	N/A	MD/DO & NP				MD/DO, NP/CNS, RN, LVN, PT, Pharmacist, & student professionals in these disciplines with co-signature

*Contract agencies submitting electronic claims to the Department must use the letter modifiers in the claims transmission.

Notes:

- These services are recorded in the clinical record and reported into the IS in hours:minutes.
- Not all staff listed who can report the service may claim to all payer sources. The Department will keep its employees informed, and, as appropriate, its agencies, regarding rules and regulations for service delivery and reimbursement.
- When a physician and a nurse provide Medication Support services to a client, the time of both staff should be claimed. If both staff are providing the same service, one note is written covering both staff and one claim is submitted that includes the time of both staff. If the two staff provide different services during the contact, two notes should be written with each staff submitting his/her own claim. If a staff person ineligible to claim Medication Support participates in the contact, then each staff present must write a separate note documenting service time as either TCM or Individual or Group in accord with the service provided.
- In the unusual circumstance in which medication support plan development occurs when neither the client nor a significant other is present, the service may be claimed as a Comprehensive Medication Service.
- **Medi-Cal Lockout:** Medication Support services are reimbursable up to a maximum of 4 hours a day per client.

A GUIDE TO PROCEDURE CODES – NOVEMBER 2009**

OTHER SERVICES – SD/MC & NETWORK PROVIDERS

Service	Short-Doyle/Medi-Cal (SD/MC)		Network Medi-Cal	
	Code	Rendering Provider	Code	Rendering Provider
Behavioral Health Screening – Triage Service to determine eligibility for admission to a treatment program	H0002	Any staff operating within his/her scope of practice.	Not Reimbursed	<u>MD/DO or RN:</u> Licensed <u>PhD/PsyD:</u> Licensed <u>LCSW & MFT:</u> Licensed <u>NP or CNS:</u> Certified
Review of Records Psychiatric evaluation of hospital records, other psychiatric reports, psychometric and/or projective tests, and other accumulated data for: <ul style="list-style-type: none"> • Assessment and/or diagnostic purposes • Continuity of care when receiving a transferred or new client • Plan Development (development of client plans and services and/or monitoring a client's progress) when not in the context of another service 	90885		Not Reimbursed	
Targeted Case Management (TCM) Services needed to access medical, educational, social, prevocational, vocational, rehabilitative, or other community services. These services, whether face-to-face, by phone, or through correspondence, provide for the continuity of care within the mental health system and related social service systems. Services include linkage and consultation, placement, and plan development in the context of targeted case management services.	T1017 (HE, HS*)		T1017 (HE, HS*)	
No contact – Report Writing Preparation of reports of client's psychiatric status, history, treatment, or progress for other physicians, agencies, insurance carriers, or for discharge summary	90889		Not Reimbursed	

*Contract agencies submitting electronic claims to the Department must use the letter modifiers in the claims transmission.

Notes:

- Indiv=Individual Provider; Org=Organizational Provider
- All of these services, except TCM, are classified as Individual Mental Health Services and are reported under Service Function 42.
- TCM services are classified as Targeted Case Management Services and are reported under Service Function 04.
- These services are recorded in the clinical record and reported into the IS in hours:minutes.
- **TCM Medi-Cal Lockout:** Except for the day of admission or for placement services provided during the 30 calendar days immediately prior to the day of discharge for a maximum of three nonconsecutive periods of 30 days, TCM may not be reimbursed by Medi-Cal on the same day as any of the following services are claimed – psychiatric inpatient hospital services, Psychiatric Health Facility services, or Psychiatric Nursing Facility services. (These facilities include Institutions for Mental Disease - IMDs.)

TEAM CONFERENCE/CASE CONSULTATION – SD/MC & NETWORK PROVIDERS

Service	Short-Doyle/Medi-Cal (SD/MC)		Network Medi-Cal	
	Code	Rendering Provider	Code	Rendering Provider
Team Conference/Case Consultation Interdisciplinary inter/intra-agency conferences and consultations to coordinate activities of client care. Client may or may not be present.	1-59 minutes 99361	Any staff operating within his/her scope of practice.	1-59 minutes 99361	<u>MD/DO or RN:</u> Licensed <u>PhD/PsyD:</u> Licensed
	60+ minutes 99362		60+ minutes 99362	<u>LCSW & MFT:</u> Licensed <u>NP or CNS:</u> Certified

*Contract agencies submitting electronic claims to the Department must use the letter modifiers in the claims transmission.

Notes:

- Indiv=Individual Provider; Org=Organizational Provider
- These services are classified as Individual Mental Health Services and are reported under Service Function 42.
- These services are recorded in the clinical record and reported into the IS in hours:minutes.
- **The time of the conference determines the code, but that time should NOT be equated with claimable time.**
- **Face-to-face time must always be zero** because this is not a service directed toward the client and would distort the amount of appropriate reimbursable time; these codes are only used when the service is **directed towards** agency staff.
- For Team Conference: Other time should only include the actual time a staff person participated in the conference (listening and learning are not included) and any other time a staff person actually spent related to the conference, such as travel or documentation. Participation includes time when information was shared that can be used in planning for client care or services to the client.
- For Case Consultations (between two staff): All time spent during the consultation may be claimed as other time since each person must be actively participating for the entire duration.

A GUIDE TO PROCEDURE CODES – APRIL 12, 2007**

DAY REHABILITATION AND DAY TREATMENT INTENSIVE – SD/MC ONLY

All of these services must be authorized by the Department prior to delivery and claiming.

The requirement for prior authorization also extends to outpatient mental health services planned for delivery on the same day the client is in one of these day programs.

Service	Program Duration	Code (Modifiers*)	Cost Report SFC	Former ClinServ ActCodes	Former OutptHospSv ActCodes	Rendering Provider
Day Rehabilitation A structured program of rehabilitation and therapy provided to a distinct group of beneficiaries in a therapeutic milieu to improve, maintain, or restore personal independence and functioning, consistent with requirements for learning and development. (§1810.212)	Half Day: exceeds 3 continuous hrs but less than 4/day	H2012 (HQ*)	92	429 840 9121	403 841 9121	Bundled service not claimed by individual staff.
	Full Day: exceeds 4 continuous hrs/day	H2012 (HE*)	98	434 842 9122	408 843 9122	Any staff operating within his/her scope of practice may provide services.
Day Treatment Intensive A structured, multi-disciplinary program of therapy provided to a distinct group of clients in a therapeutic milieu that may: be an alternative to hospitalization, avoid placement in a more restrictive setting, or maintain the beneficiary in a community setting. (§1810.213)	Half Day: exceeds 3 continuous hrs but less than 4/day	H2012 (HQ TG*)	82	430 844	405 845	One of these disciplines must be included in the staffing: MD/DO, RN, PhD/PsyD, LCSW, MFT.
	Full Day: exceeds 4 continuous hrs/day	H2012 (HE, TG*)	85	435 846	410 847	

*Contract agencies submitting electronic claims to the Department must use the letter modifiers in the claims transmission.

Notes:

- These services are recorded in the clinical record and reported into the IS as either full day or half day.
- **Service activities** for any of the programs must minimally include: assessment, plan development, crisis intervention, therapy including process groups, rehabilitation including skill-building groups, and adjunctive therapies. Intensive programs must include psychotherapy. Collateral contacts, travel, and documentation are a part of all day programs, but may occur outside the continuous hours of the program.
- **Medication services** are not included and must be claimed separately.
- For children, these services may focus on social and functional skills necessary for appropriate development and social integration. It may not be integrated with an educational program. Contact with families of these clients is expected.
- **Clients are expected to be in attendance** all the scheduled hours of the program, but a service may be claimed in unusual situations if the client has been in attendance at least 50% of the hours of operation of the program.
- Staff to client ratio for Day Treatment Intensive is 1:8 and for Day Rehabilitation is 1:10. When more than 12 clients are in the program, there must be staff from at least 2 of these disciplines: MD/DO, RN, PhD/PsyD, LCSW, MFT, LPT, Mental Health Rehabilitation Specialist (MHRS).
